

EUNICOAST

The European University of Islands,
Ports and Coastal Territories

Inter-Alliance AI Laboratory

Education - Research - Practice

| Agenda

This work was supported by the French State under the France 2030 investment plan, managed by the French National Research Agency (ANR), under grant agreement No. ANR-2024-GURE-0008.

The conference venues

Welcome to Le Havre!

During the various sessions of the conference, you will need to move between different venues.

Here are the addresses:

MDE

Maison de l'Étudiant (student centre),
50 rue Jean-Jacques Rousseau, 76600 Le Havre

Espace Création Innovation

Faculté des Affaires Internationales (Faculty of International Affairs),
25 Rue Philippe Lebon, 76600 Le Havre

Rooms

Faculté des Affaires Internationales (Faculty of International Affairs),
25 Rue Philippe Lebon, 76600 Le Havre

Port of Le Havre

HAROPA PORT Le Havre,
71 quai Colbert, 76600 Le Havre

DAY 1

WEDNESDAY 4
NOVEMBER 2026

Faculty | Ed-tech | Students
| Curriculum designers

AI & Teaching & Learning

8:30	Registration & coffee	MDE
9:00	Opening session J.-N. Castorio, First Vice-Rector for Strategic Projects and Resources, Université Le Havre Normandie D. Lefebvre, Vice-Rector for International Affairs and the EUNICoast European Alliance, Université Le Havre Normandie	MDE
9:15	Keynote · AI integration in higher education R. Comas-Forgas, University of the Balearic Islands H. Yokoyama, University of Tokyo	MDE
10:15	Alliance panel · How EUNICoast is integrating AI into teaching and learning (The EUNICoast approach to AI and its GenAI guide) T. Mäkinen, Åland University of Applied Sciences	MDE
11:00	Coffee break & posters	MDE
11:30	Student voices · Perspectives on AI in learning and assessment Facilitated by R. Comas-Forgas, University of the Balearic Islands	MDE
12:30	Lunch break City Game	Espace Création Innovation
14:00	ILAB Challenge · 6 parallel workshops • Towards Meaningful Student Assessment in the current AI environment, A.-L. Groos, Åland University of Applied Sciences; E. A. Hayfield, University of the Faroe Islands • A framework for critical GenAI integration in Bachelor/Master theses and early doctoral research, M. D. R-Moreno, University of Alcalá • Raising student awareness of the responsible use of generative AI (environmental, cognitive, energy costs), B. Mermet, Université Le Havre Normandie; G. Simon, Université Le Havre Normandie • Emphasis on mitigating AI risks may compromise realisation of its potential benefits, P. F. Guttesen; K. Vijayarathan-R, University of the Faroe Islands • Student representation loses institutional knowledge faster than AI governance can responsibly replace it, L. Hebeisen, Justus Liebig University Giessen • A culture of mutual concealment: how hiding AI use blocks critical thinking, J. Szczepanik, West Pomeranian University of Technology in Szczecin	Room A306 Room A308 Room A310 Room A312 Room A314 Room A316
17:30	Welcome reception D-Terre x EUNICoast facilitation (sustainable game)	Espace Création Innovation

DAY 2

THURSDAY 5
NOVEMBER 2026

Institutional leaders | Coordinators
| Legal & Policy | Project managers

AI Policy & Sovereignty

- | | | |
|-------|---|----------------------------------|
| 8:30 | Registration & coffee | MDE |
| 8:45 | Opening · Framing the day
M. Chevé, Vice-Rector for Institutional Affairs, Digital Affairs and Strategic Transformation, Université Le Havre Normandie | MDE |
| 9:00 | Keynote · EU AI Act & higher education
N. Georgiadou, University of Patras | MDE |
| 9:45 | Keynote · AI ethics in institutional practice
T. Foltýnek, Masaryk University, European Network for Academic Integrity | MDE |
| 10:30 | Keynote · AI and Sovereignty
M. Bussy, Legal Data Space
B. Chaffois, Université Le Havre Normandie | MDE |
| 11:00 | Coffee break & posters | MDE |
| 11:30 | Workshop · Recognising and resisting AI slop in academic work
M. B. Arenas Romero, University of the Balearic Islands; R. Comas-Forgas, University of the Balearic Islands; P. Frent Kaab, Université Le Havre Normandie; A. Provost, Université Le Havre Normandie | MDE |
| 12:30 | EUNICoast Open Science Award ceremony
A. Gil, Vice-Rector for Science, Entrepreneurship and Innovation, University of the Azores | MDE |
| 13:00 | Lunch break
Painting workshop | Espace
Création
Innovation |
| 14:30 | Cultural discovery
Social programme | Port of Le Havre |
| 14:30 | Panel on AI · with middle school and secondary school teachers and headteachers
Facilitated by R. Comas-Forgas, University of the Balearic Islands | MDE |
| 18:00 | Cocktail reception & networking
Networking · City Game | Espace
Création
Innovation |

DAY 3

FRIDAY 6
NOVEMBER 2026

Researchers | Doctoral students |
Research support | Hub members

AI Data & Research: Islands, Ports & Coasts

8:30 Registration & coffee

MDE

9:00 Opening · Framing the day

C. Picard, Vice-Rector for Research and Knowledge Transfer,
Chair of the Research Commission, Université Le Havre
Normandie

MDE

9:15 Keynote · AI & Research

G. Szepannek, Stralsund University of Applied Sciences

MDE

10:15 Hubs sessions

MDE

Hub 3: Governance, Planning, Management, and Monitoring of
Islands and Coastal Communities

Hub 4: Health, Biodiversity Protection, Nature-based Solutions,
and Sustainable Exploration of Coastal/Marine Resources

- **The Employment Cost of Decarbonization**, Z. Ait Benhamou, Université Le Havre Normandie
- **Future Scenarios for Transcultural Lagoon Regions**, J. Badr el Boudour, A. Messaoudi, S. Serreli; University of Sassari
- **Beyond Cybersecurity Training**, N. Chatzistamoulou, University of Patras
- **Automatic Identification of Shipping Containers Using High-Resolution Remote Sensing**, J. Nagau, M. Firmin, J.-L. Henry, S. Laurent, I. Le Berre; Université des Antilles
- **AI-Supported Collective Decision-Making for Coastal Territories**, D. Olivier, Université Le Havre Normandie

11:30 Coffee break & poster session

MDE

11:45 Hubs sessions

MDE

Hub 1: Identities, Local Knowledge, and Cultural Heritage in Islands
& Coastal Communities

Hub 2: Blue Circular Economy, Port Logistics, and Sustainable Blue
Tourism

- **Place Without People: AI-Mediated Ocean Literacy in an Island Region**, P. Maurício, University of the Azores
- **The Littoral Echo: AI-Mediated Storytelling for Climate Resilience**, F. Lefrançois, University of the Antilles; G. Desert, University of the Antilles; G. Dimopoulou, University of Patras

- **From ETA prediction to sustainable port decisions**, C. Duhamel, C. Duvallet, Y. Pigné; Université Le Havre Normandie
- **Fuel energy efficiency and rebound effect in European road transport**, K. Kounetas, G. Ferrara; University of Patras
- **Hybridizing Data (AI + HI) for Sustainable Cruise Port Management**, A. Serry, Université Le Havre Normandie

13:00 City Game Awards Ceremony

P. Lages Dos Santos, President, Université Le Havre Normandie

MDE

13:15 Group photo

MDE

13:30 Lunch break

Espace
Création Innovation

14:45 Hubs sessions

Hub 5: Engineered and Data-driven Solutions for Coastal Infrastructures, Marine Renewable Energy, Marine Safety, and Navigation Systems

MDE

- **A multi-scale prediction system for the risks of sea rescue operations**, P. Nuno de Souza Moura, A. C. Santos, G. Vinot; Université Le Havre Normandie
- **Dynamic Electrothermal Modeling and Experimental Validation of a PEM Electrolyzer**, D. Guilbert, Université Le Havre Normandie
- **How use of AI allows Research and Defense and Education integration**, N. Lori, University of the Azores; M. Ávila, AIR Centre; H. Guerra, University of the Azores; F. Martins, University of the Azores; E. Rossetti, Italian Defence General Staff; A. J. Silva Neto, Rio de Janeiro State University; B.-E. Zetterman, Åland University of Applied Sciences
- **Marine robotics in the Azores**, A. Mendes, University of the Azores; A. Cristina Costa, University of the Azores; J. Cascalho, University of the Azores; N. A. Cruz, University of Porto; F. Viveiros, University of the Azores

15:45 Coffee break & poster session

MDE

16:00 Collaboration GCU

MDE

The Global Consortium of Coastal Universities (GCU) is an international network of universities in port cities and coastal regions across Brazil, China, France, Malaysia, South Korea, and the United Kingdom. It fosters interdisciplinary research and education on global challenges through three flagship themes: (1) Global Business, (2) Environmental Sustainability and Renewable Energy and (3) Logistics and Maritime Affairs. The current Presidency of the GCU Consortium is held by Université Le Havre Normandie.

- **Posidonia oceanica: Method of Detection Using AI and Underwater Robots**, T. P. Tran, Université Le Havre Normandie; O. Amri, Université Le Havre Normandie; K. Aslansefat, University of Hull; Y. Cho, Inha University; Y. Gonzalez, University of the Balearic Islands; J. Jang, Inha University; D. Lefebvre, Université Le Havre Normandie; Y. Papadopoulos, University of Hull; R. Corinne Tomeyum, Université Le Havre Normandie
- **Digitalisation of Small and Medium-Size Ports: Infrastructure, Governance and Perspectives for more Sustainable Logistics**, I. Diarrassouba, Université Le Havre Normandie; C. Duhamel, Université Le Havre Normandie; C. Duvallet, Université Le Havre Normandie; M. L. Kamarudin, Northern University of Malaysia; S. Kumari, University of Hull; N. Mishra, University of Hull; A. Zakaria, Northern University of Malaysia
- **A Combined Thermal-Electrochemical Energy Storage System using Electrolyzers and Thermodynamic Cycles**, O. Crumeyrolle, Université Le Havre Normandie; D. Guilbert, Université Le Havre Normandie; X. Hong, Xiamen University; J. Li, University of Hull; X. Ma, University of Hull; I. Mutabazi, Université Le Havre Normandie; Y. Sheng, University of Hull

17:00 Conference closing session

MDE

Posters

MDE

- **Can AI Help Universities Choose What to Research Together? Comparing Human and AI Research Agendas in EUNICoast**, D. Pacheco, University of the Azores; A. Gil, University of the Azores; O. Lopes da Silva, NOVA University Lisbon; J. Pasquier, Université Le Havre Normandie
- **Redesigning Ethics and Aesthetics of Higher Education from an AI Perspective**, F. Lefrançois, University of the Antilles
- **Sardinian Stazzo: farm between old and new transhumance**, G. Careddu, University of Sassari
- **Beyond the Written Thesis: Assessing Content Mastery in the Age of Generative AI**, M. Pucelj, EMUNI University; R. Biloslavo, EMUNI University; E. Ženko, University of Primorska
- **Towards a Human-Rights-Based Framework for Professional AI Literacy: Preparing Higher Education Students for Future Professional Practice**, A. Chaidas, University of Patras; N. Georgiadou, University of Patras; C. Pitsou, University of Patras
- **Integrating Open-Source Tools and Artificial Intelligence into Doctoral Training in Western Algeria: A Case Study of the "AI Techniques and Tools" Course**, K. Benhaoua; C. Boudia, Mustapha Stambouli University of Mascara
- **AI-Assisted multimodal imaging for non-Invasive heat-stress monitoring in poultry: A proof of concept for tropical islands**, E. Biabiany, University of the Antilles; S. Cholet, University of the Antilles; L. Gatibelza, University of the Antilles; J. Nagau, University of the Antilles
- **Marine robotics: from geology to biology**, A. Mendes, University of the Azores; J. Cascalho, University of the Azores; A. Cristina Costa, University of the Azores; N. A. Cruz, University of Porto; F. Viveiros, University of the Azores
- **Beyond Non-Binding Guidance: Operationalising Research Integrity for Generative AI at the University of the Azores (EUNICoast)**, A. Gil, University of the Azores
- **Artificial Intelligence and the Transformation of Academic Work in Higher Education**, E. Bezhani, Aleksandër Moisiu University of Durrës
- **AI-Supported Circular Carbon Materials from Industrial By-products for CO₂ Capture and Sustainable Industrial Transformation**, K. Kiełbasa, West Pomeranian University of Technology in Szczecin
- **Biomimetic Photovoltaic Tree for Autonomous Renewable Energy Systems: Engineering Design Inspired by Nature**, M. Lemparty, West Pomeranian University of Technology in Szczecin
- **When the Passage Between Sea and Shore Is Disrupted: The Legal Protection of Embarked Persons in Times of Crisis**, J.-M. Jude, Université Le Havre Normandie
- **Digital transformation in project management**, D. Markasović, T. Kardaš, M. Krajina, K. Kortizija, M. Stanković, University of Dubrovnik; F. Ivančić, University of Zagreb
